

A line plot showing the number of cases over time. The x-axis is labeled 'Days Since 2017-01-01 (t)' and ranges from 0 to 750. The y-axis represents the number of cases, with a scale from 0 to 1000. The plot shows a blue line that starts at approximately 1000 cases at day 0, drops sharply to around 100 cases by day 50, and then exhibits a series of small, irregular increases and decreases, generally trending upwards to a plateau of approximately 500 cases by day 750.
